Bring the whole family & support the CV PTA/PTSA Council!

20% of sales from the dining room and drive thru at Barker and Sullivan Wendy's locations. Come in and support the Central Valley school district's PTA/PTSA Council!

The CV PTA/PTSA Council serves all children in the Central Valley School District community and those students from all other units belonging to this council. This council provides inspiration, information, customer service, training, and leadership development for its PTAs and the community in which it serves. We also voted for a community outreach effort named HEART in Hand. The purpose is to partner with Central Valley School District's HEART Program, which aids families in the community who are deemed homeless or living in transitional housing.
